AMRITA ONLINE OVERVIEW

Amrita Online is the digital learning initiative of Amrita Vishwa Vidyapeetham, designed to make high quality education accessible to learners across India and abroad. The platform brings the university's academic excellence, industry partnerships and value based learning to a flexible and modern online format.

Amrita Online offers a wide range of programmes including MBA, MCA Regular, MCA Cybersecurity, MCA AI, M.Com, BCA, BBA, and B.Com programmes. Each programme is created by experienced faculty, industry experts, and researchers ensuring that students gain practical, application oriented knowledge.

KEY FEATURES OF AMRITA ONLINE

Flexible Learning Model

Students can learn from anywhere through structured live classes, recorded sessions, digital resources and graded assessments.

Experienced Faculty

Courses are taught by senior academicians, researchers and industry practitioners who bring real world insights into every session.

Industry Relevant Curriculum

Programmes are continuously updated with emerging technologies and business practices, keeping students aligned with industry needs.

Personalised Student Support

Each student is guided through mentoring, academic counselling, skill building workshops, and continuous performance tracking.

Placement Support and Corporate Tie-ups

The institution maintains strong placement tie-ups with leading companies, enabling placement guidance and career opportunities for learners.

Technology driven Learning

The platform uses innovative tools such as LMS-supported learning pathways, assessments and analytics to enhance student engagement

EVENT OBJECTIVES

- Help students understand the emerging skills needed across MBA, MCA Regular, MCA Cybersecurity, MCA AI, M.Com, BCA, BBA, and B.Com programmes.
- Provide clarity on current industry expectations and how job roles are changing.
- Strengthen placement readiness by helping students align with recruiter needs and future opportunities.
